

# ALOWOESIN TOLUWALASE

## FRONT-END WEB DEVELOPER

### PROFILE

I am a dedicated and creative Front-End Developer with hands-on experience in building engaging and responsive web applications. My approach is human-centric, blending technical expertise in HTML, CSS, JavaScript, React, and Tailwind CSS with a genuine passion for creating seamless user experiences. I thrive on collaboration, problem-solving, and continuously improving my craft through learning and innovation.

### WORK EXPERIENCE

#### HNG Internship

2025-01 - 2025-01

##### Front-End Developer

- Designed and developed a responsive Color guessing game using vanilla HTML, CSS, and JavaScript.
